# Office seating guide

**mrfdesign are UK manufacturers and suppliers of contract furniture, modern chairs, contemporary sofas, bar furniture, dining chairs, low tables, modern reception seating, hotel bedroom furniture and bespoke upholstery.**

In addition to our wide contract furniture portfolio, we offer:

- Furniture design service for corporate, leisure and public environments
- Product development through CAD and pre-production prototypes
- A wide materials palette
- Contract furniture to order at a competitive price to suit your project

Our furniture has design appeal across many sectors, including Hotel, Leisure and Hospitality, Office, Education, Health Care and Retail. We are able to work from small batch production and project-based requirements through to full roll-out programmes.

**Agile Office Seating** - soft seating designed for collaborative, work lounge and reception areas to create friendlier and more inviting working environments to improve team communication, motivation and productivity. An agile office comprises collaboration spaces - somewhere to sit down for a quick meeting; either on sofas, benches or high stools. Furniture providing a more informal workspace environment; places to simply think while working away from the desk in a more relaxed setting.

**Meeting Rooms and Privacy Seating** - mrfdesign's soft seating ranges offer a wide selection of armchairs, sofas and modular seating for office reception spaces, breakout areas and larger office atriums; satisfying the current trend for relaxing spaces within the workplace.

**Booth Seating** - free standing or fixed upholstered seating; modular seating systems within any interior space to create booth seating in a variety of plan configurations with high or low back options; even wall to ceiling upholstered rooms with diamond button detailing, quilted panelling or fluted backs. We offer a bespoke furniture design service with flexible batch production which allows architects and designers the freedom to add their signature to the interior; either by customising existing designs or developing project-led furniture solutions.

**Breakout Seating and Tables** - modular seating to create relaxation spaces within the workplace; seating for impromptu touchdown areas or informal meeting spaces. Multi-purpose seating designed for relaxing, socialising and eating while at work; see our **c360 jack**, **s370 bench** and **s250 model** ranges.

**Soft Seating and Tables** - our soft seating ranges offer a wide selection of tub chairs, armchairs, sofas and modular seating suitable for lounge, bar, hotel room or reception spaces. mrfdesign can undertake projects ranging from small reception or waiting rooms to complete bar, club and restaurant interiors. Our ability to realise bespoke designs allows us to produce furniture for new or existing interiors. We have an extensive range of seating for meeting rooms or rest areas with additional high back sofas to create privacy for the user within open plan offices; see our new **s380 julio** range.

A photograph of a modern office seating area. In the foreground, there are two high-backed chairs with black leather-like upholstery and a textured blue-grey fabric backrest. They are positioned around a small, round, white table with a black pedestal. The room has large windows in the background, letting in bright light and showing a view of trees and buildings. The floor is covered with a patterned carpet in shades of grey and blue.
